

### **Patient Rights and Responsibilities**

The patient has the right to expect to receive professional care from all of our staff in a pleasing environment. You can expect to be seen within 15 minutes of your scheduled appointment times. Your therapist will discuss your plan of treatment with you in advance of any treatment rendered. You have the right to have any and all questions answered in a timely manner. You have the right to one full copy of your physical therapy medical record without any monetary charge.

The patient has the responsibility to attend all scheduled treatment sessions and to follow the set treatment plan. If a patient fails to attend any scheduled treatment session, he or she may be held liable for a separate \$25.00 fee per incidence unless this office is notified at least 24 hours in advance of a scheduled appointment. Insurance or worker's compensation does not pay this fee. You will be asked to pay this additional fee prior to the delivery of any further physical therapy treatment. We ask that you call if you are running late. If you are 15 minutes late for a scheduled appointment, you may be asked to reschedule.
